## Quality

Zodiac American Pools, Inc. operates with a philosophy focused on overall quality, creating products that combine cutting edge technology with consumer-friendly features. Our vision is to be recognized as the world leader in our industry. Our mission is for each Zodiac American Pools employee to deliver his or her personal best performance to achieve optimum customer satisfaction. After all, customer service is our primary concern, because the quality design and construction of Muskin brand products are meant to enhance the quality of life for our loyal customers.

### Wall

Our exclusive DURA-SHIELD® hot-dipped, galvanized "Serpentine" steel wall is vertically corrugated for maximum strength.

### Frame

Our exclusive POSH-LOCK® frame construction interlocks the frame members for maximum strength. This assembly method was designed and engineered for accurate, easy installation.

### Top Ledge and Uprights

The 6" white capri top ledge and 5 1/2" white florentine uprights are roll-formed from rust-resistant DURA-SHIELD® hot-dipped, galvanized steel to insure durability.

Injection-molded plastic ledge clamps lock each top ledge and upright into one sturdy, rigid frame unit. These specially designed clamps will not corrode and have no sharp edges.

### Liner (optional)

Muskin uses only premium grade liners with a 15-year limited warranty. Ask your dealer for liner details\*

Our vinyl liners are custom formulated to include ultra-violet (UV) stabilizers to resist deterioration from the sun, a fungicide additive to inhibit algae growth, and plasticizers to prevent cracking in cold weather.

### Warranty

The Tradewinds has a 15-year limited warranty on the wall and frame. \*

\*water, chemicals and labor not included.

**WARNING** Diving is not allowed in an aboveground pool.
