

ZODIAC

You can install a Zodiac salt chlorinator on a new or existing pool:

- For all types of domestic swimming pools
- For all types of pool surfaces

Choose a model according to your needs:

- Volume of water
- Bather load
- Water hardness
- Climatic conditions

	Self cleaning model			Standard model
	LM2-15S	LM2-24S	LM2-40S	C140S
Production	15 g/h	24g/h	40 g/h	15 g/h
Maximum Volume*/Temperate Climate	65 m ³	100 m ³	180 m ³	65 m ³
Maximum Volume*/Hot Climate	50 m ³	80 m ³	140 m ³	50 m ³

- * Pool volume corresponding to 8 hours of filtration per day.
 • If you are in a hard water region, it is strongly recommended that you choose a self-cleaning unit from the LM2 series for better efficiency and usage.

ZODIAC, mastering the elements.

Renowned worldwide for the quality and reliability of its products in the aeronautical and marine sectors, Zodiac has now brought its expertise to swimming pools, to bring you a full range of pools, automatic pool cleaners and water treatment systems.

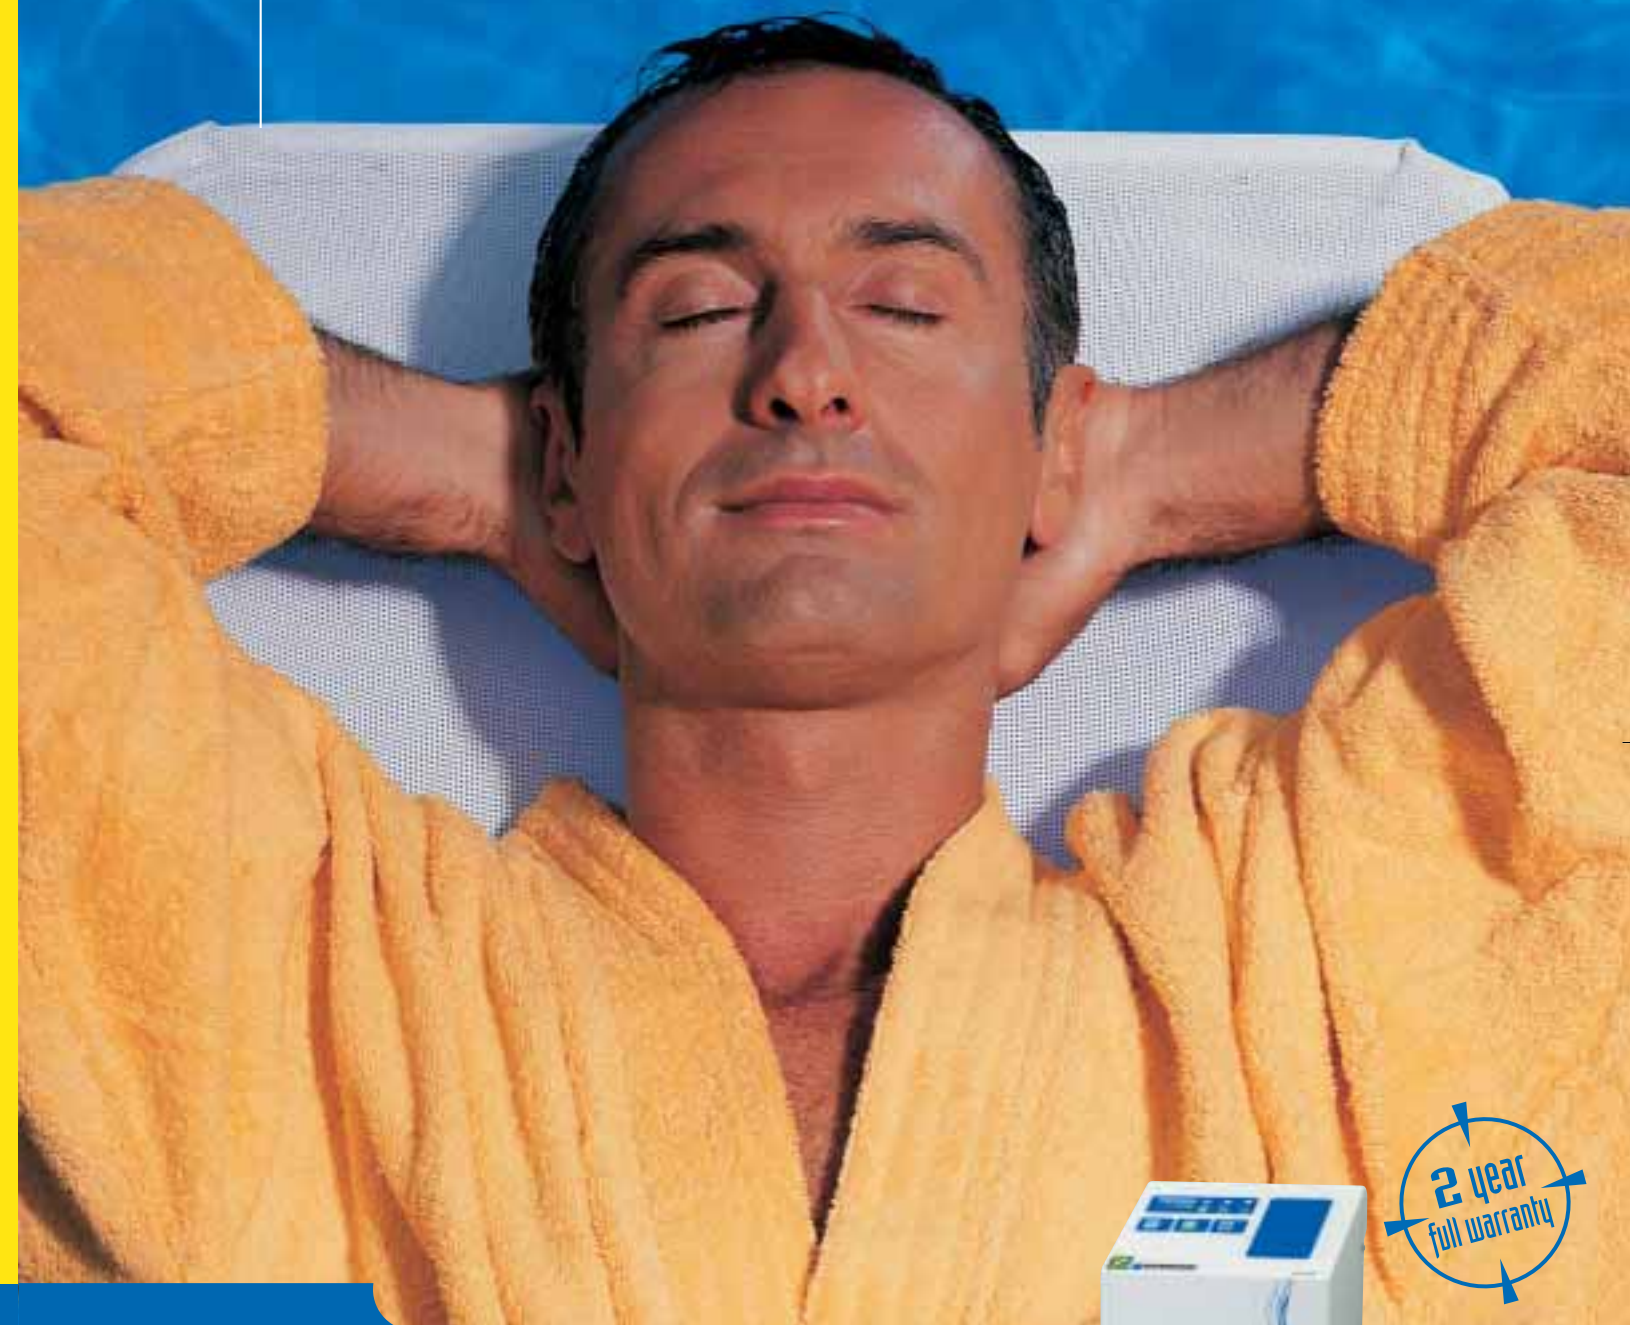

Backed by Clearwater® technology, expertise and experience, Zodiac brings you the reassurance of top quality equipment in terms of both design and performance.

A real guarantee of efficiency and peace of mind!

CLEARWATER®
 World's leading salt water chlorinators

**SALT WATER CHLORINATOR
 FOR AUTOMATIC SANITISING**

CLEARWATER®
 World's leading salt water chlorinators

With Clearwater®, you'll never be a slave to your pool...

Your swimming pool is there for your enjoyment. Take the hassle out of pool maintenance; choose a Clearwater® from ZODIAC, the salt water chlorination system providing crystal clear water automatically. The process is continuous and reduces the amount of time you need to spend on your pool.

HOW DOES SALT CHLORINATION WORK?

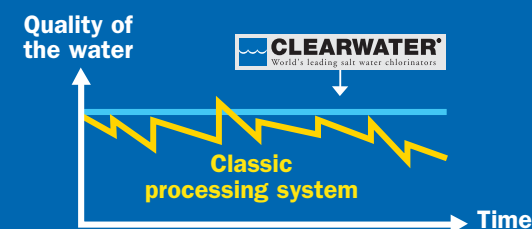

Salt chlorination combines science and nature for brilliant results.

- A salinity level of only 8 times less than that of sea water is all that is required.
- The process of electrolysis, using the cell, transforms the salt water into chlorine gas.
- Chlorine is the most common and effective sanitiser of swimming pools.
- Chlorine gas destroys all the micro-organisms in the cell, and insures a correct level of free chlorine in the pool at all times.
- The cell constantly replenishes the active chlorine that vanishes under the sun's UV rays. You don't have to do anything.

Constant water quality in relation to the intermittent interventions of classic processing systems:

- Thanks to Clearwater®, active chlorine is constantly present in your pool, in minimal doses.

Clearwater®, for effortless, healthy, clear water.

PERFECT WATER QUALITY

- With the Clearwater® technology by Zodiac, you are guaranteed constant water quality, thanks to the automatic system : crystal clear water and a sparkling natural looking swimming pool all the time. This system sanitises the pool water assisting in the prevention of algae.

A UNIQUE LEVEL OF COMFORT WHILST SWIMMING

- Installing a Clearwater® salt chlorination system will take out all the disadvantages of classic chlorine treatment. Clearwater puts an end to sore, red eyes and drying skin.

A TOTALLY AUTONOMOUS SYSTEM

- Day in day out, Clearwater® functions autonomously.
- Virtually no other sanitising chemicals to be added, stored or handled.
- Save time & money as a result of this advanced pool hygiene system.
- All you have to do is check the pH level... and enjoy the pleasures of your pool.
- Experience the comfort in knowing that your pool is being maintained even when you are away for several weeks.

Clearwater®, an entirely automatic and autonomous system.

AN INTELLIGENT CONTROL BOX:

CHLORINE OUTPUT INDICATOR
AND ADJUSTMENT

A "SUPER CHLORINATION" CONTROL
FOR EXTREME CIRCUMSTANCES
(STORMS, INCREASED BATHER
LOAD ETC)

SAFETY FEATURES INCLUDING
AN AUTOMATIC SHUT DOWN
IN THE ABSENCE OF WATER.

2 YEAR
Full warranty

2 YEAR FULL WARRANTY

We grant you both on the control box and cell of your Clearwater® an unconditional warranty : whatever may cause their lack of performance, they will be repaired or exchanged during 24 months after date of purchase.

NO MAINTENANCE
NECESSARY

The titanium electrodes, covered with an exclusive alloy, clean themselves through a pole reversal process.

*Not including the C series
