

STRATO 2.1

THE NEW GENERATION OF PORTABLE SPA

www.rivierapool.com

RivieraPool®
PREFABRICATED SWIMMING POOLS • WHIRLPOOLS

The New Generation

The completely redesigned Strato 2.1 offers more compact dimensions that make it the perfect portable spa for your indoor leisure area or an outdoor patio. With a modern, angular design, this pool can even be an attractive focal point for your bathroom or spa. The comfortable entry step accommodates the skimmer, too, so that you end up with a contemporary, symmetrical aesthetic that just breathes luxury.

With modern aluminum panels and a patented hard-top cover, this spa is a highlight wherever you position it – whether indoors, on the patio, or out in the garden. The Strato 2.1 is luxury at its finest.

The illustration shows the Anthracite Lite model: Anthracite cladding, white corners

- Dimensions: 216 cm x 216 cm x 93 cm
- Hard-top cover: 2 x 54 cm (overall width 328 cm)
- Filling capacity: 1,200 L
- Weight: 380 kg
- Massage features: 2 Jet Control, 6 + 4 Superjets, 2 Turbojets, 10 Microjets, 8 air bubble nozzles

STRATO 2.1

True Elegance

Anthracite aluminum panels help to create a true picture of a modern and compact spa that seamlessly fits into any environment – indoors or outdoors. This pool is truly a sight to be seen. The Anthracite Elegance models comes complete with anthracite panels and corners to help ensure that every inch of this spa breathes modernity.

The attractive, **multi-functional** entry step features a fold up cover. The step can be used to enter the spa, as a small seating area, or as a storage space for accessories.

- Dimensions: 216 cm x 216 cm x 93 cm
- Hard-top cover: 2 x 54 cm (overall width 328 cm)
- Filling capacity: 1,200 L
- Weight: 380 kg
- Massage features: 2 Jet Control, 6 + 4 Superjets, 2 Turbojets, 10 Microjets, 8 air bubble nozzles

Beige Lite

The Strato 2.1 in warm beige blends in beautifully with the warmer tones that one might find in wood floors, in front of a beautiful garden, or overlooking a stunning landscape. The warm tones and beige color palette creates a wonderful visual aesthetic that will draw your eyes in – even when the surroundings are captivating. The white acrylic tub contrasts well with the warmer tones and helps to ensure that your water looks wonderfully crisp, fresh, and inviting.

The illustration shows the Beige Lite model: Beige grey cladding, white corners

- Dimensions: 216 cm x 216 cm x 93 cm
- Hard-top cover: 2 x 54 cm (overall width 328 cm)
- Filling capacity: 1,200 L
- Weight: 380 kg
- Massage features: 2 Jet Control, 6 + 4 Superjets, 2 Turbojets, 10 Microjets, 8 air bubble nozzles

STRATO 2.1 – White Elegance

If you're looking for a unique, luxurious, and contemporary whirlpool – the White Elegance is the perfect choice. This whirlpool is truly something special. It offers elegance with its white-matte aluminum design that can be paired with a number of interior and exterior styles – from contemporary, to mid-century, to rustic. And with the white acrylic tub, your water couldn't look fresher or sparkle brighter.

- Dimensions: 216 cm x 216 cm x 93 cm
- Hard-top cover: 2 x 54 cm (overall width 328 cm)
- Filling capacity: 1,200 L
- Weight: 380 kg
- Massage features: 2 Jet Control, 6 + 4 Superjets, 2 Turbojets, 10 Microjets, 8 air bubble nozzles

DESIGN & TECHNOLOGY

STRATO 2.1

TRUE QUALITY FROM GERMANY

The Design – Ultra-Stable & Robust

- Made from sanitary acrylic with fiberglass reinforcement to ensure resilience to high water temperatures, disinfectants, and UV rays for outdoor use.
- Aluminum cladding and the double-sided hollow chamber is built to withstand all types of weather.
- Easy access to components makes for simple maintenance.
- The tub is made from fiberglass-reinforced plastic that resists moisture.
- A RivieraTex cover protects your spa from all extreme weather.

Low Energy Costs – Save Money & Be Energy Efficient

- The hard-top cover ensures that your water temperature remains constant at all times (option)
- The spa is equipped with 4cm-thick insulation on all sides to prevent heat loss.
- The base tub is designed and built with a 3cm-thick insulated core made from PU hard foam.
- The heat generated from the pumps remain inside the technology chamber and is recycled to heat the water.

Touch Display Operation – Simplicity At Its Finest

- Control all functions of your spa with the display on the edge of the pool, including massage functions, lighting, and filter settings.
- Information messages are shown on the display to alert you of any status disruptions.
- An external remote control communicates with your display and allows seamless operations of the massage functions while you sit comfortably in your spa (option).

Hard-Top Cover – Just Another Solution

- The RivieraTex cover features 4cm-thick insulation that keeps your water temperature constant in between uses.
- Its lightweight build makes it easy to remove and cover for regular usage.
- The included rain cover protects it against harsh conditions and ensures that dirt never builds up. And if it ever gets dirty, simply throw it in the washing machine and it'll be good as new.

The Strato 2.1: feels great outdoors – whatever the weather.

The Right Nozzles In The Right Places

The Strato 2.1 comes complete with a comprehensive massage nozzle system that has been specifically designed to fire powerful bursts of water in the right places. Different massage nozzles have different effects because every area in the body requires its own specific solution.

By spending just 15 minutes in a Strato 2.1 jacuzzi, you can increase the oxygen concentration in your blood by about 10%, ultimately ensuring that your body systems are receiving the oxygen that they need to keep you feeling comfortable, relaxed, and energized – all at the same time.

Water – Warmth – Whirlpool Systems

The Strato 2.1 works just like any other whirlpool system, but it does it better. Water allows your body to float, warm water relaxes your muscles and your mind, and our signature whirlpool system ensures that you receive the massage that you need in the right spots. This combination provides an elevated sense of relaxation like no other.

Enjoy It Together

Perhaps the best part about the Strato 2.1 is that you can enjoy your elegant and luxurious massage with a partner or with friends. There is plenty of space in the tub, and the signature reclining space is the premiere experience if you're looking for a full-body massage perfect for the thighs, abdomen, and the chest.

6 Superjets

Air massage with 8 bubble nozzles on the floor

WHITE ELEGANCE

Lite & Elegance

We went ahead and chose the most elegant look that we could possibly think of when designing the Strato 2.1 – a gleaming, dazzling white. No other color makes your pool water look as wonderfully fresh, crisp, and blue than white. From here, all you have to do is choose your cladding.

From the elegant and delicate White Elegance or Anthracite Elegance, to the Anthracite Lite and Beige Lite that feature the acrylic white offset corners, the choice is yours.

OPEN & CLOSE ...

There's a system to this innovative spa cover – our patented hard-top cover is the only one of its kind in the world – and we invented and developed it all for the Strato 2.1. With an easy opening mechanism, you can open and close, and repeat all day long!

... AND REPEAT!

... Now some rain and dirt please ...

Cover for protection against rain and dirt

Finally a hard top that's child's play and quick to open... and to close... and...
